CERTIFICATE

Matillion Associate Certification
Python Programming University of Michigan.
Programming Fundamental University of Duke
Front end Development - HTML
Front end Development - CSS

ACHIEVEMENTS

• 5 star coder of HackerRank in **Python**
• 3 star coder of HackerRank in **C++**

EXPERIENCE

PIBYTHREE |Associate Software Engineer
Aug 2022 – Sep 2023 | Pune,India
• Collaborated with the founding team to establish accelerators, oversaw end-to-end **SaaS** product development, and maintained **organizational portals**
• Contributions encompassed establishing growth initiatives, designing a comprehensive **data migration tool**, and fostering cross-functional collaboration
• Gained valuable knowledge in **software development** and data engineering while actively contributing to **SaaS product development** and ensuring portal functionality

THE SPARKS FOUNDATION | Web Developer Intern [Certificate]
Dec 2021 - Jan 2022
• Spearheaded the development of a user-friendly Simple Banking System using a tech stack comprising **HTML , CSS ,JAVASCRIPT,BOOTSTRAP,PHP and MySQL**
• Enabled seamless money transfers, ensuring financial transparency with transaction records

SKILLVERTEX |Web Developer Intern [Certificate]
Oct 2021 – Dec 2021
• Enhanced e-commerce site with multifunctionality, ensuring appealing user interfaces
• Analyzed project specs, devised plans, and executed web components seamlessly
• Executed UI development, leveraging **HTML, CSS, JAVASCRIPT, BOOTSTRAP, PHP and MySQL**

PROJECTS

E-COMMERCE WEBSITE [Link]
• Crafted user interfaces using **HTML , CSS ,JAVASCRIPT**
• Sculpted the front-end experience for an E-commerce online shopping website
• Designed responsive, user-friendly, and dynamic web pages for seamless site navigation

DEVHELPERAI [Link]
• Developed a DevHelperAI using **HTML , CSS ,JAVASCRIPT** and integrating **OpenAI API**
• implemented context-awareness for coherent and personalized interactions in user conversations
• Proficient in front-end technologies and **API** integration, expanding **web development skills**

DATA RECONCILIATION FRAMEWORK
• Created a dynamic data reconciliation tool in **Python Flask** to validate extensive datasets in **MySQL** and **Snowflake** databases, improving data accuracy and integrity
• Successfully tested the tool across a total of **24 tables**, including 21 orders tables, each housing an extensive **1 million records**, 2 employee tables (one with **1 million records** and another with an astonishing **20 million records**), and 1 user table with 23 records
